Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Continuation of Substance of Interview including description of the general nature of what was discussed: A printer rush post-allowance was sent to the Examiner indicating that specification amendment (replacement paragraph) #3 in the response of 7/18/05 did not make sense in the context of that paragraph and was an exact copy of the paragraph inserted under #4. All such amendments to #'s 1-2 & 4 appear to be grammatical in nature. Applicant has deemed the amendment noted as #3 to be an inadvertent mistake and approved of the Examiners Amendment to correct the paragraph back to its original, which did not have any noticeable errors. Should such be found later, Applicant indicated a Certificate of Correction will be filed..
